

# RIDGE ACOUSTIC PANELS

soften®

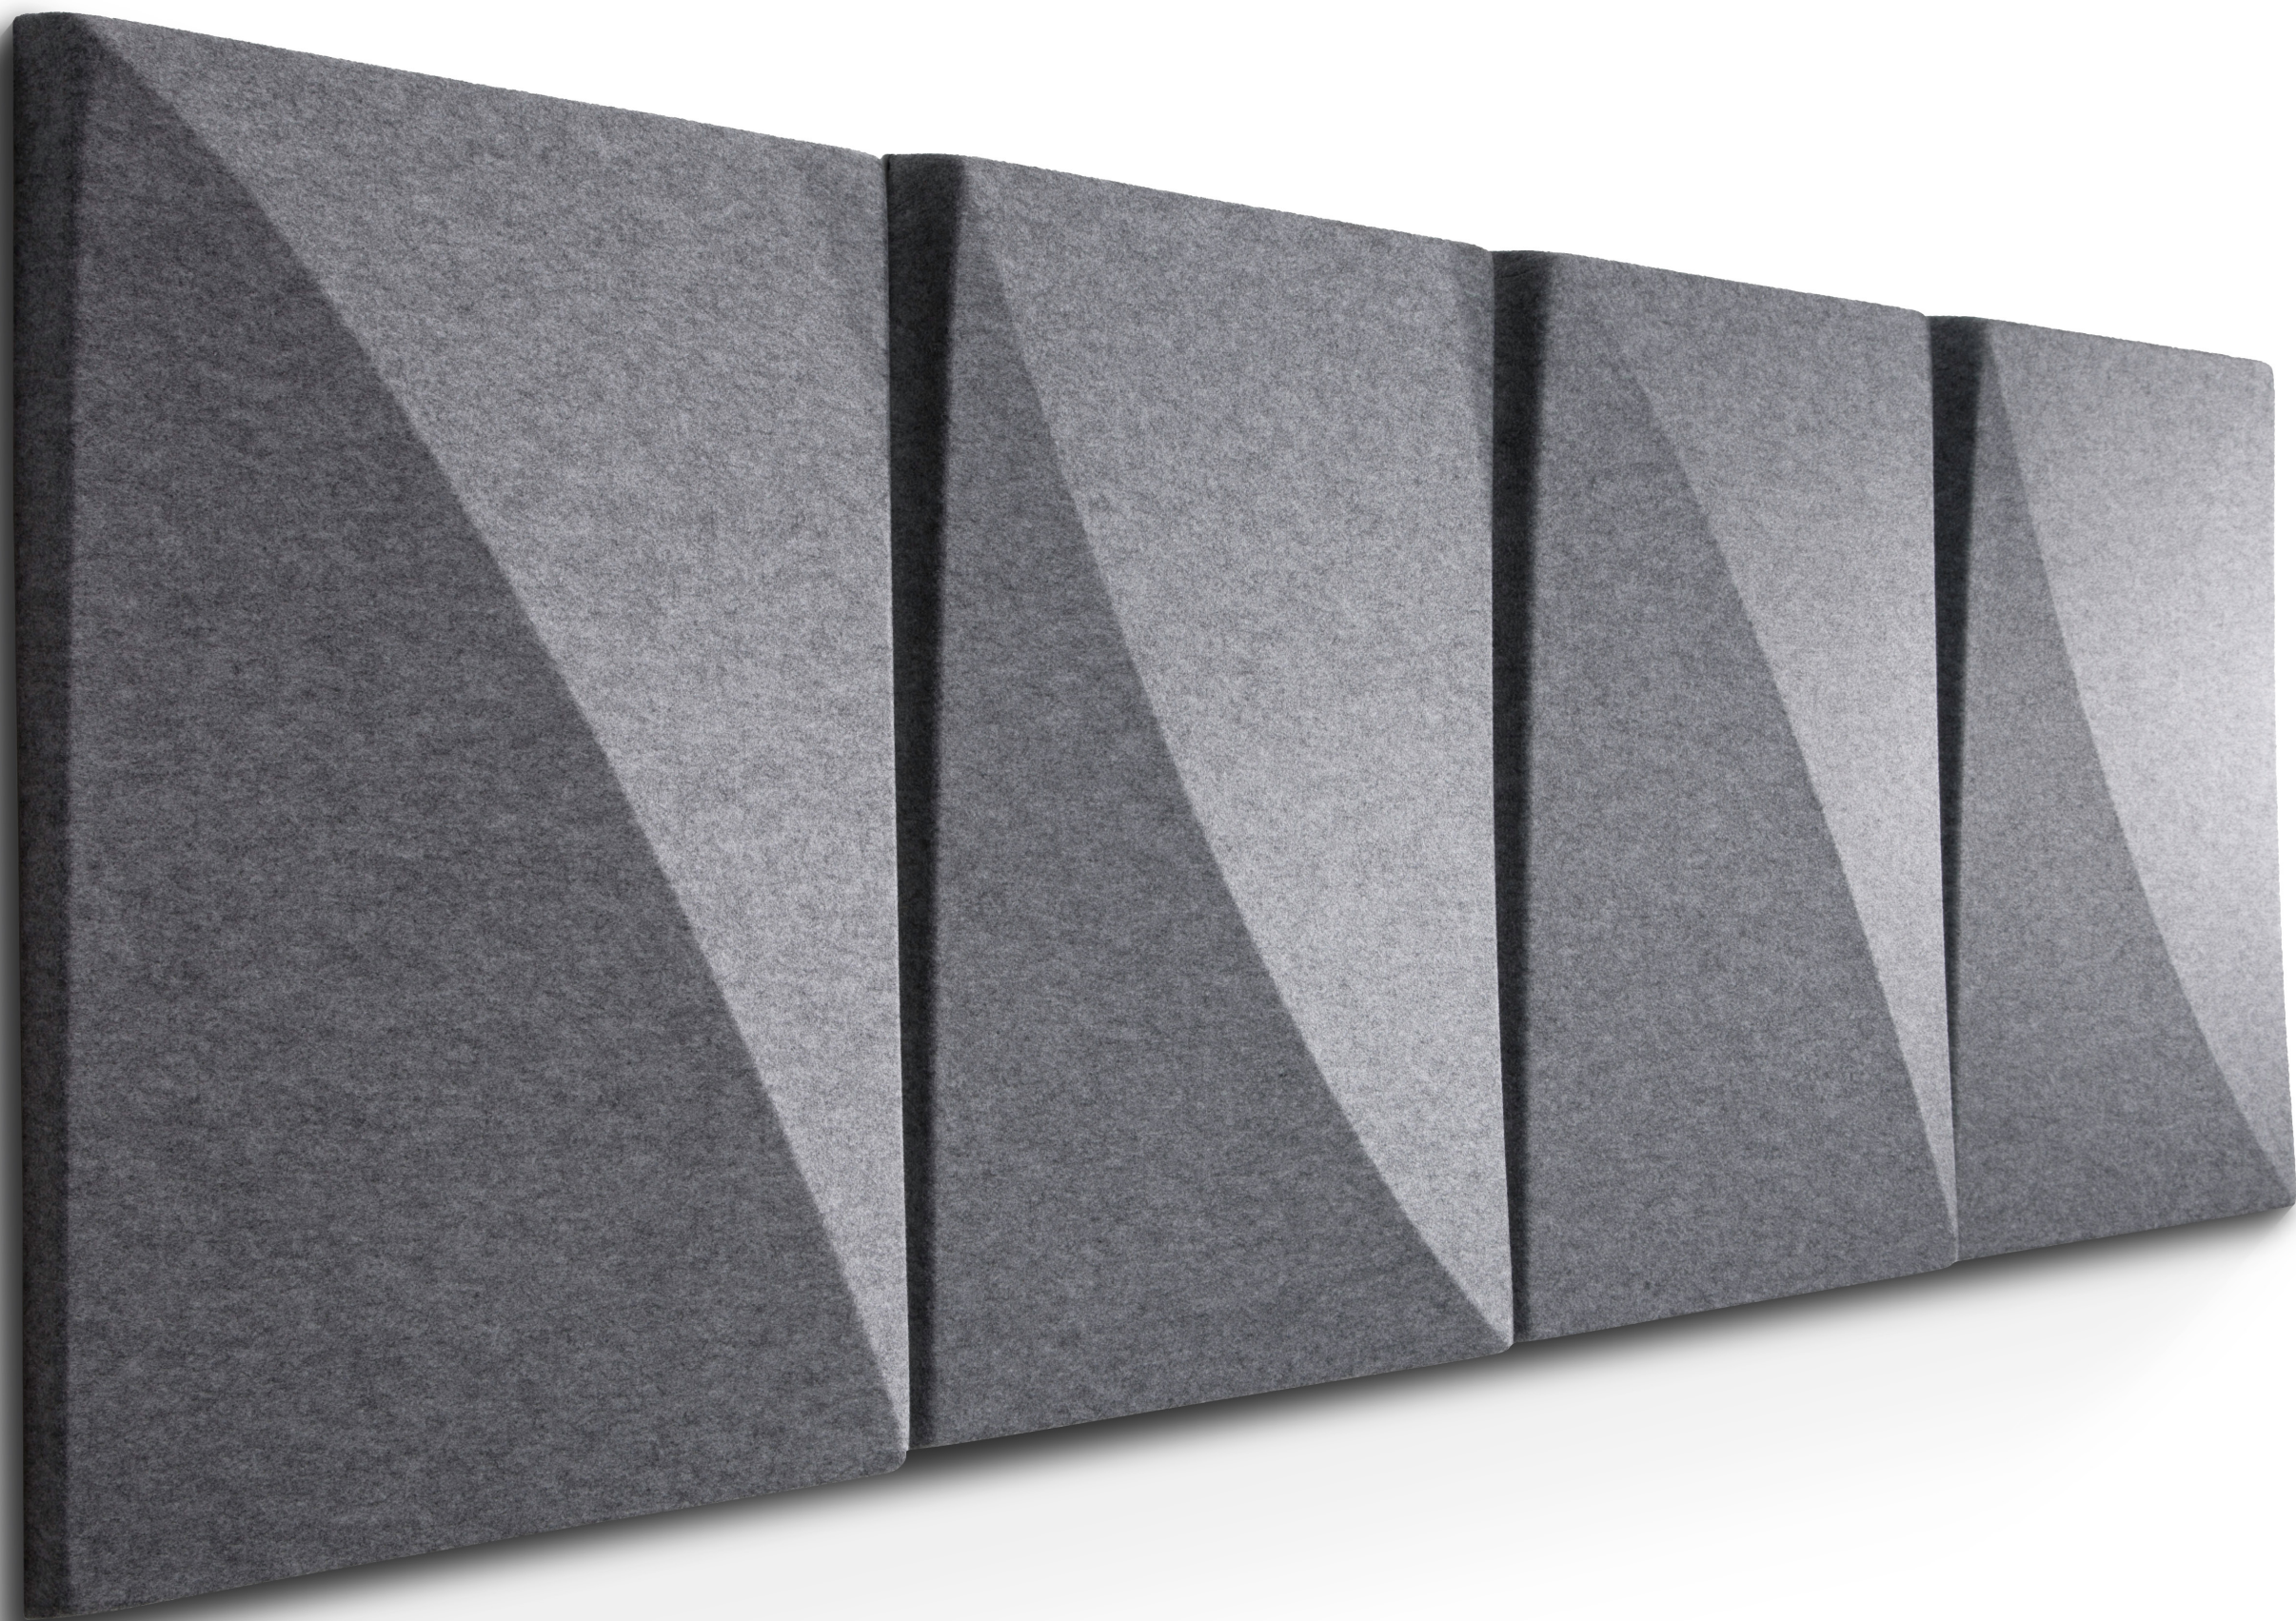

# RIDGE

The Ridge acoustic panels designed by Mood are manufactured by the Finnish company Soften Oy.

The panels measure 82.5 × 55 × 4-7 cm and can be arranged in different orientations, horizontally or vertically, to create interesting surfaces. The curved ridge of the shape can be accentuated by lateral lighting.

The panels are made of polyester felt and can be upholstered with Gabriel's Europost2 or Luna wool fabrics. The filling material is made of polyester fibre. The absorption class is A. Fastening at the corners with ready-made adhesive tapes or screws.
